## The Property

The house offers substantial and very well presented accommodation which is arranged over two floors extending to just under 3,000 sq ft. The front door opens to a large enclosed porch with tiled floor and further door to the entrance hall. All principal rooms can be accessed from the hall including the beautifully presented kitchen / family room which features modern fitted units and built in appliances. There is a large island which also serves as a useful bar for informal dining and cleverly separates the kitchen from the dining and sitting areas which feature tall windows, a ceiling lantern and glazed door to the terrace all designed to bring views of the delightful gardens into the living space.

On the first floor there are five bedrooms. The master bedroom has a dual aspect with doors to a balcony enjoying views across the gardens. There are built in wardrobes and an en suite bathroom with bath and separate shower. The second bedroom has an en suite shower room and an adjoining dressing room with built in wardrobes. The three further bedrooms are catered for by a further shower room accessed from the landing.

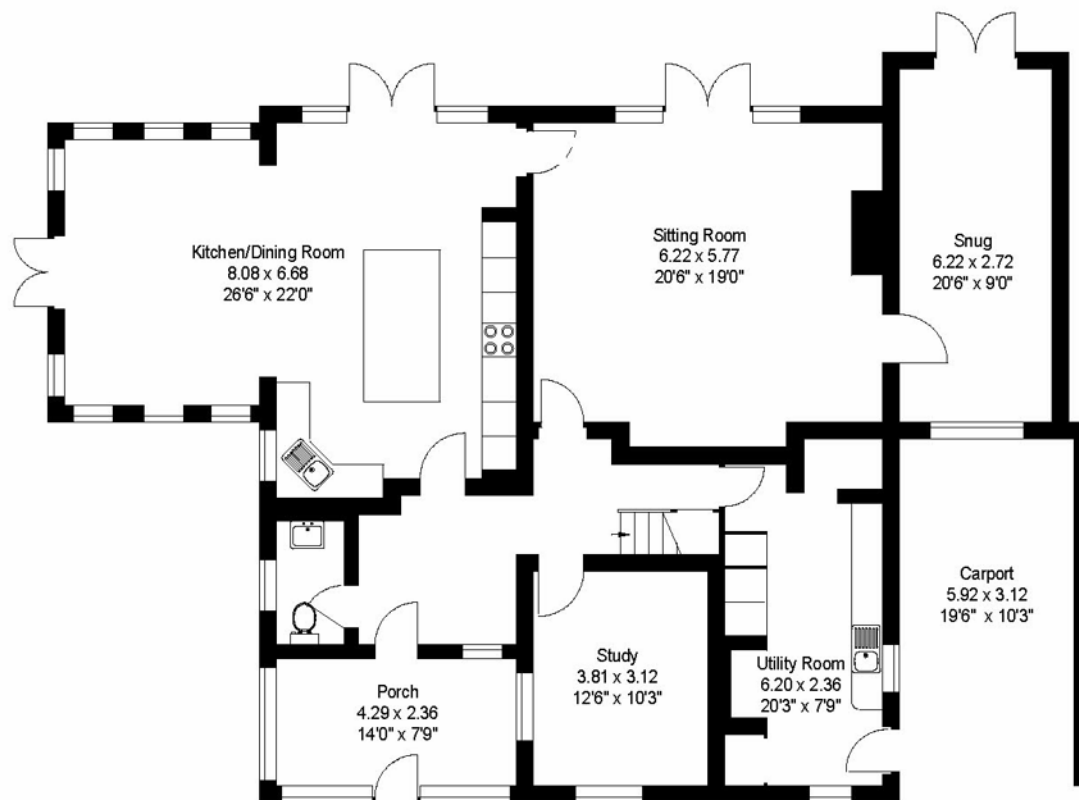

Accessed from both the hall and the kitchen is a very generous sitting room, again with French windows to the garden and a feature fire place. Beyond the sitting room is a snug which would also make an ideal play room, music room or library. Also on the ground floor is a generous study with fitted book cases and cupboards under. There is a cloakroom with wc positioned off the hall as well as a large utility room with fitted work surfaces with sink and cupboards as well as space and plumbing for a washing machine.
