A unique combination of retail premises with storage facilities in the heart of the village

Lot 3

A unique combination of retail premises with storage facilities and a detached former fire station formed from two substantial timber formed outbuildings in the heart of the village of Burley.

Set in a prime position with frontage directly onto the main thoroughfare, the property comprises a double fronted shop premises operated formerly as a gift shop with excellent storage facilities.

At the back of the building is a large additional space which again, is currently used for storage purposes but has potential for conversion to an additional retail unit/s (STPP).

Set behind the shop building is the former fire station to the village formed from a large, detached, timber framed outbuilding. This building offers excellent storage for large vehicles or a boat, or conversion subject to planning.

The fire station building is accessed off the Burley High Street via a large metal gate opening onto a wide hard standing driveway providing off road parking and access to the fire station and additional yard area.

NOTE: In our opinion, the combined properties offer significant potential for the creation of additional retail/commercial premises (subject to the necessary planning consents being granted).

The Situation

The property is conveniently located in an extremely private yet easily accessible position in the heart of one of the most beautiful and sought after villages in The New Forest. A gate at the back of the garden leads out onto the open forest and down into the village centre.

Burley remains one of the few villages which allows the ponies and cattle to roam freely, which adds to its charm. Today English Nature work together with the Forestry Commission to manage this newly designated National Park which is an area of outstanding beauty. Located within Burley are a number of useful amenities and facilities, including a post office, shops, a number of pubs, a picturesque golf course and a well regarded primary school.

A honeypot village with ponies wandering down the high street untouched by time and tucked away in the lee of wooded slopes

The Local Area

The first Spencers New Forest office was established here in Burley, a honeypot village that feels untouched by time with its traditional cafes, cider farm, gift shops and tales of old smuggling routes, witches and dragons. This is the New Forest on holiday as imagined by visitors: quaint and old fashioned with ponies wandering down the high street. In Burley there's a perpetual feeling of having escaped, that you are away from it all, especially as it is tucked in the lee of wooded slopes. There's a lovely sense of community and a range of activities to enjoy locally including cycling, horse riding, coarse fishing and the Burley Golf Club with a nine-hole heathland course.
