An immaculately presented 1776 square foot, three double bedroom non-estate detached family home centred in the middle of a .2 of an acre plot with a fantastic 65ft driveway and frontage and generous 60ft – 50ft rear garden and set in the popular village of Lytchett Matravers within walking distance of the High Street and in the catchment for Lytchett Minster School. This superb family home was built in 1997 for the current owners and to design it they drew on a number of years' experience of buying homes in the second-hand market and knew exactly what would work for a family home. The owner was involved with every intricate detail to make sure this was the perfect home and that it would stand the test of time. They wanted the property to be in the middle of the plot so that there was plenty of room for off road parking and a large degree of privacy from the front garden, they also wanted a generous rear garden where they could grow vegetables, as well as a place to relax and dine outside.
