A fully renovated house with complete layout change making it perfect for the growing family or a couple needing space or even a multi-generational family. In addition to larger rooms and new décor the house also benefits from all new plumbing and radiators throughout, a new boiler repositioned in the loft to save space, structured network cables and WIFI hotspots discreetly mounted in the ceilings to ensure you never drop signal no matter how heavy the bandwidth use. This property includes a cleaner once a fortnight along side a gardener once a month, and also broadband.
