properties are minimised.

INFORMATIVES

1. Although outline permission has been granted, the illustrative drawing submitted needs to be carefully considered. Before submitting any scheme for approval of reserved matters, you are advised to talk to the Local Planning Authority.
2. The developer is reminded that the Control of Pollution Act 1974 restricts the carrying out of construction activities that are likely to cause nuisance or disturbance to others to be limited to the hours of 08:00 to 18:00 Monday to Friday and 08:00 to 13:00 on Saturdays, with no working of this type permitted on Sundays or Bank Holidays. The Control of Pollution Act 1974 is enforced by Environmental Health.
3. Radon is a natural radioactive gas which enters buildings from the ground and can cause lung cancer. If you are buying, building or extending a property you can obtain a Radon Risk Report online from www.ukradon.org if you have a postal address and postcode. This will tell you if the home is in a radon affected area, which you need to know if buying or living in it, and if you need to install radon protective measures, if you are planning to extend it. If you are building a new property, then you are unlikely to have a full postal address for it. A report can be obtained from the British Geological Survey at <http://shop.bgs.ac.uk/georeports/>, located using grid references or site plans, which will tell you whether you need to install radon protective measures when building the property. For further information and advice on radon please contact the Health Protection Agency at www.hpa.org.uk. Also if a property is found to be affected you may wish to contact the Central Building Control Partnership on 0300 111 8035 for further advice on radon protective measures.
4. The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is also available on the Coal Authority website at: www.gov.uk/government/organisations/the-coalauthority
5. You are recommended to seek independent advice on the provisions of the Party Wall etc. Act 1996, which is separate from planning or building regulation controls, and concerns giving notice of your proposals to a neighbour in relation to party walls, boundary walls and excavations near neighbouring buildings. An explanatory booklet can be downloaded at <https://www.gov.uk/guidance/partywall-etc-act-1996-guidance>
6. Before carrying out any work, you are advised to contact Cadent Gas about the potential proximity of the works to gas infrastructure. It is a developer's responsibility to contact Cadent Gas prior to works commencing. Applicants and developers can contact Cadent at plantprotection@cadentgas.com prior to carrying out work, or call 0800 688 588 8117
7. Prior to the occupation of the approved dwelling(s), please contact our Street Name & Numbering officer to discuss the allocation of a new address on 01827 719277/719477 or via email to SNN@northwarks.gov.uk. For further information visit the following details on our website https://www.northwarks.gov.uk/info/20030/street_naming_and_numbering/1235/street_naming_and_numbering_information
8. The submitted plans indicate that the proposed works come very close to, or abut neighbouring property. This permission does not convey any legal or civil right to undertake works that affect land or premises outside of the applicant's control. Care should be taken upon commencement and during the course of building operations to ensure that no part of the development, including the foundations, eaves and roof overhang will encroach on, under or over adjoining land without the consent of the adjoining land owner. This planning permission does not authorise the carrying out of any works on neighbouring land, or access onto it, without the consent of the owners of that land. You would be advised to contact them prior to the commencement of works.
9. The applicant's attention is drawn to The Town and Country Planning (Fees for Applications, Deemed Applications, Requests and Site Visits) (England) Regulations 2012, which requires that any written request for compliance of a planning condition(s) shall be accompanied by a fee. Although the Local Planning Authority will endeavour to discharge all conditions within 21 days of receipt of your written request, legislation allows a period of 8 weeks, and therefore this timescale should be borne in kind when programming development.

Authorised Officer: Andrew Collinson

Date: 24 June 2024

10. In dealing with this application, the Local Planning Authority has worked with the applicant in a positive and proactive manner. As such it is considered that the Council has implemented the requirement set out in paragraph 38 of the National Planning Policy Framework.

APPEALS TO THE SECRETARY OF STATE

1. If you are aggrieved by the decision of the Local Planning Authority to grant permission subject to conditions, you can appeal to the Department for Communities and Local Government under Section 78 of the Town and Country Planning Act 1990.
2. If you want to appeal against your local planning authority's decision, then you must do so within 6 months of the date of this notice.
3. Appeals must be made using a form which you can get from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, or online at www.planning-inspectorate.gov.uk and www.planningportal.gov.uk/pcs.
4. The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
5. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
6. The Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

PURCHASE NOTICES

1. If either the Local Planning Authority or the Department for Communities and Local Government grants permission to develop land subject to conditions, the owner may claim that he/she can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
2. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his/her interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

NOTES

1. This decision is for the purposes of the Town and Country Planning Act only. It is not a decision under Building Regulations or any other statutory provision. Separate applications may be required.
2. A report has been prepared that details more fully the matters that have been taken into account when reaching this decision. You can view a copy on the Council's web site via the Planning Application Search pages <http://www.northwarks.gov.uk/planning>. It will be described as 'Decision Notice and Application File'. Alternatively, you can view it by calling into the Council's Reception during normal opening hours (up to date details of the Council's opening hours can be found on our web site <http://www.northwarks.gov.uk/contact>).
