Situation

The Royal Crescent is arguably Bath’s finest residential address, this beautiful, curved crescent designed by John Wood the Younger and built between 1767 and 1775, produces one of the most notable achievements of Georgian architecture. The thirty Grade I listed houses are unified by an ionic columned façade. Number 14 is situated towards the centre of the crescent and residents of the crescent have full use of the lawns to the front.

Bath city centre is only a short walk away providing easy access to an extensive range of chain and independent retail outlets together with a fine selection of restaurants, cafes and wine bars. There are many cultural activities available in Bath at One Royal Crescent and Holbourne Museums, The Theatre Royal and a world–renowned music and literary festival. In addition, there are world class sporting facilities available at Bath Rugby and Cricket Clubs and at Bath University.

Nearby there is the charming pedestrianised Margaret’s Building which has a selection of wonderful art galleries, boutique shops and restaurants.

A mainline railway station provides direct access to London Paddington (approximately 90 minutes) and the city of Bristol. Other communications include the M4 motorway junction 18 approximately 11 miles to the north of the city, which allows easy access to London, Swindon, South Wales and the midlands via the M5. Bristol Airport is 10 miles to the west.
