A particular feature of this property is the recently constructed detached garage/workshop currently used as an impressive high spec vehicle workshop with electric roller door, alarm, heating, hot water and hand drier. (A 3 tonne vehicle hoist is available by separate negotiation).

Vendors notes: ‘Oakcroft’ is a beautiful bungalow set on a large, private plot and was built to a very high standard by the original builder, who lived there with his wife from its construction in 1974 until we purchased it in 2022. We have renovated and modernized it to the same high standard, with the intention of it being our forever home, however, our family circumstances have changed. We have been very happy living in such a beautiful, quiet home and know that the new owners will feel the same.
