The property is accessed through two entrances via electric gates into two separate courtyards offering parking and access to two double garages. The gardens are beautifully maintained in a “Parkland style setting” with a substantial area of lawns and a pretty Chinese tea house and an adjacent pond. Within the grounds is a substantial outbuilding which houses a superb indoor pool complex with bi folding doors opening out onto a terrace. The heated pool is 1.5 metre in depth and is heated by an air source heat pump generated by solar heated panels. The complex includes a large surrounding terrace around the pool area and doors lead to a separate gym. To the rear of the pool complex is a further area of garden and an apple orchard.

To the secondary rear entrance of the property, there is a parking courtyard with a double garage and a carport. Furthermore, there is a useful storage outbuilding ideal for storing garden machinery. There is an additional detached double garage at the main entrance which has the benefit of a shower room and WC and a pull down ladder gives access to a storage/office above the garage.
