The Land

DESCRIPTION

The placing of the land as a parcel on the open market amounts to 18.626 acres (7.538 ha). This is beautifully situated overlooking the Teifi Valley from an elevated position. It is largely level to sloping land contained within a ring fence and divided into a number of conveniently sized field enclosures all laid to pasture including good natural and reliable water supplies together with a feature wildlife and conservation pond. This is a rare opportunity to acquire a secluded parcel of land that offers alternative use potential in the agent's opinion. Further details for creation of a holding are available on the Carmarthenshire County Council website and can be obtained by rural Planning Consultants recommendations.

The land is sold as agricultural land with scope and potential and would be a valuable add-on parcel to an existing farming enterprise in the region or for those with rural interests in mind.

Viewings can be conducted strictly by prior engagement with sold selling Agents, Morgan and Davies, Lampeter office: Tel: 01570-423623.
