SUMMARY

Sitting in the centre of the village, this unusual four-bedroom home offers something quite unique - a seriously large garage with inspection pit and space to house 4 cars, plus a large workshop/store room behind that! It has been so long since we have seen a house with such potential for those of you with a passion for motoring, a need for storage or any workshop-based hobbies! The property itself offers versatile, split-level accommodation which is light and airy with generously sized windows, including a large first floor living room with access to the garden and three first floor bedrooms, a ground floor dining room (or sitting room) with adjacent kitchen/breakfast room plus a ground floor 4th bedroom, bathroom and separate shower room. The gardens are tiered at the back and mature in nature with various seating areas. This is a comfortable home of generous proportions and if you add in the potential and versatility of that huge garage, it's great value!
