\*\*\* EDWARDIAN MASTERPIECE WITH LUCRATIVE OPPORTUNITY \*\*\* Introducing 'Rovert House', occupying a prime position in the central area of Hucknall. The prominent home built in 1905 has to be seen to be believed - and there is also the OPPORTUNITY TO BUILD on the plot (STPP).

The extensive accommodation has been lovingly maintained to preserve character features like stained glass windows and cast iron radiators. The high ceilings give a particularly spacious feel throughout which starts upon entry through the arched doors where you immediately feel the grandeur of the wide staircase which leads your eyes up to the original corning and feature arch. This leads through to an open plan modern kitchen which is large enough for those who like to entertain. There are 2 further reception rooms and wc to complete the ground floor accommodation.

Upstairs, the landing leads to the 4 DOUBLE bedrooms (2 with en suite facilities) and an impressive family bathroom with 4 piece suite. If all that isn't enough space, the landing could easily accommodate a further stairway if you wanted to convert the attic. The stylish presentation is in keeping with the property's character and maintained to mean the lucky buyer can move in with peace of mind.

Outside, planning permission was previously granted (Ashfield V/2019/0823) to build 2 semi detached houses (recently lapsed), making this a potentially lucrative option, whilst still leaving enough outside space and not having much impact on the high level of privacy - speak to our team for more information. The immediate space to the side and rear is enclosed by a walled perimeter and requires very little maintenance. The original stone wall palisade compliments the impressive frontal kerb appeal to give a home you can truly be proud of.

This location is within walking distance from a wealth of amenities including shops, supermarket and schools, whilst transport links are excellent too, with easy access to Nottingham's tram network and the M1 motorway.

Ground Floor

Porch

Arched wooden entrance door, French doors to the entrance hall.

Entrance Hall

Stairs to the first floor, 2 traditional cast iron radiators. Doors to the WC, sitting room, lounge and dining kitchen. door to the storage cupboard.
