An attractive oak framed car port is set to the side with adjoining work shop/bike store. There is an additional storage area set within the front section of the original integral garage. Further benefits include a car charging point.

Gated access to either side of the property lead to the attractive rear garden which has been particularly well landscaped to make for a fairly low maintenance garden with terraced area set under a gazebo ideal for al fresco dining. Composite decking abuts the sitting room with a path leading to a small wildlife pond area and open summer house/folly with shuttered sun panels.
