## DESCRIPTION

A stunning new build family home with garden annex, set within beautiful surroundings and benefitting from stunning, far reaching views over the Somerset countryside. The house has been built to the highest of standards and specification using quality materials to create a versatile property for family and entertaining. The property has been designed to maximize natural light with modern bi-folding doors and open plan living accommodation whilst still retaining the charm and style of a traditional barn.

The layout of the property has been cleverly designed in two main wings, one forming the living accommodation and the other having the bedrooms.

The kitchen/dining/family room is an impressive space of substantial proportions, flooded with natural light and having two sets of bi-folding doors opening out to the gardens and countryside beyond. The bespoke solid wood kitchen has been crafted with an array of storage cupboards topped with granite work surfaces. Within the kitchen is a dishwasher, 'Rangemaster' cooker, larder style cupboard, space for an American style fridge/freezer and central island with Belfast sink and breakfast bar. The dining area can comfortably accommodate a table for twelve to sixteen people and is set beneath a large roof lantern filling the space with natural light. The family area has a 'Stovax' stove as the focal point and ample space for comfortable furniture making it a perfect area for a snug. The spacious room also has the benefit of a bespoke lighting system allowing for either spotlights, background lighting or for different areas the room to be lit separately. A built-in sound system in the kitchen and many other rooms in the house provides a marvellous addition to family life and ideal when entertaining. From the kitchen is a utility room, a fantastic room with duck egg blue cupboards, granite worktops, space and plumbing for white goods, a door opening out to the garden and a shower room with walk-in shower, toilet and wash hand basin. The stunning sitting

room has a vaulted ceiling with beautiful, exposed oak beams and large picture windows, along with bi-folding doors opening out to the patio and gardens beyond. The room features an 'HWM' burner and built-in sound system. Accessed from the spacious entrance hall and central to the house is a study/bedroom five, a brilliant room to use as a home office, playroom or additional bedroom if desired.

Three of the four bedrooms bedrooms can be found on the ground floor whilst the principal bedroom suite can be found on the first floor.

Two of the double bedrooms are similar in size, both spacious double bedrooms with the benefit of built-in wardrobes and having bi-folding doors open out to the front of the house. Between the two rooms is the main family bathroom which comprises a large bath with granite surround, a walk-in double shower, wash basin again with a granite top, toilet and heated towel rail. A further double bedroom, which could also be used as a main bedroom has an ensuite shower room along with fitted wardrobes and bi-folding doors opening out to a patio area.
