**Description**

Own Homes welcome to the market this truly stunning, extended three bedroom semi-detached home situated in the much sought after Fishers Green area of Stevenage.

This beautiful family home has been refurbished throughout and has been tastefully designed and presented. The rear extension now gives this much loved home a larger more sociable layout to include a breath taking kitchen-diner/living area to the rear of the property. This offers a great space to entertain guests and is also ideal for day to day family life. The kitchen has been recently fitted and has central island, Carrera Quartz worktops, induction hob, double electric oven and built in microwave.

The dining/living area has doors onto the garden and Velux windows allowing the room to flood with natural daylight. There is also a breakfast bar. In addition to this amazing home there is a separate lounge/snug with hardwood flooring and a downstairs cloakroom.

Upstairs there are three well proportioned bedrooms, the master benefiting from built in wardrobes and a stunning main family bathroom. The modern bathroom has Victorian styling and comprises of enclosed bath with Aqualisa shower, wash hand basin with Quartz tops and W/C.

Outside to the front there is block paved driveway and gated leading through to detached garage located to the rear. Please note the garage has been converted and now is a practical work from home space and office. This can be accessed via the garden.

The garden has been cleverly landscaped and now has seating areas, artificial lawn and well-defined borders.
