## DESCRIPTION

An established path leads to the front door, with a range of colourful planting and hedging. Inside you will find a welcoming entrance hall that leads to a cloakroom and a study, with access out to the garden, ideal if you would like to run a home business that requires separate access. The formal dining room provides a wonderful space for entertaining, while the superb kitchen stretches almost the full width of the home, fitted with an excellent range of wall and base units with granite worktops, integrated appliances, and a delightful outlook over the rear gardens. From here, solid oak and glass doors open into the family room, a truly impressive space with soaring ceilings, exposed apex beams, a stone floor with underfloor heating, and two sets of double doors leading to the garden. Perfect for both everyday living and entertaining on a grand scale, this room seamlessly blends indoor and outdoor life. A cosy sitting room to the front completes the downstairs living space, with wood flooring, the quintessential log burner and bespoke built-in cabinetry, with an added bar area for entertaining. There is an integrated garage to the front, and a further impressively large barn that could offer potential further living space or ancillary accommodation, subject to planning approval.

Upstairs, the first floor provides five well-proportioned and versatile rooms. The principal bedroom enjoys a stylish en-suite shower room and exceptional views across open fields. A generous family bathroom features both a bath and a separate shower cubicle, alongside cupboard storage.

## OUTSIDE

The gardens, predominantly to the rear and left-hand side, are beautifully established and thoughtfully landscaped. To the rear, a sheltered terrace adjoins the family room, opening onto a lawn dominated by a magnificent willow tree and a charming orchard with plum and apple trees. To the side, a further lawn is framed by mature planting and traditional stone walling. Two fenced paddocks provide excellent potential for equestrian or smallholding use; one is a level pony paddock enclosed by post fencing and hedges, while the second has previously been used to keep goats and chickens. The property includes a single garage, stable, stone outbuilding, timber shed, and extensive gravelled parking for up to six vehicles.
