Find out what these results mean

## What the results mean

The download and upload speeds shown are the highest predicted speeds that could be received at the selected location, subject to service availability.

Standard, superfast and ultrafast denote different broadband speed categories:

- Standard broadband has download speeds of less than 30Mbps
- Superfast broadband has download speeds between 30Mbps and 300Mbps
- Ultrafast broadband has download speeds of greater than 300Mbps

The availability icons mean:

- Green tick = broadband packages in this category are generally available in your area. [More information](https://checker.ofcom.org.uk/en-gb/about-checker) (<https://checker.ofcom.org.uk/en-gb/about-checker>)
- Amber triangle = broadband packages in this category are available to some, but not to all properties in your area.
- Red cross = broadband packages in this category are not available.
