Owner's View

We loved this house inside and out from the first moment we saw it. The location has been perfect for us, surrounded by green open space. Our favourite place to be from late spring to early autumn has been the very sunny bright and airy landscaped south facing garden, filled with low maintenance shrubs including wisteria and tall structural flowers. The patio area is surrounded by rock rose and scented jasmine and has been the ideal place to chill out and relax on a summer's night, making it a perfect retreat. It feels a true extension of the house itself, warm welcoming, and easy to relax in. We have loved living here and feel sure the next occupants will feel the same way.
