The Property

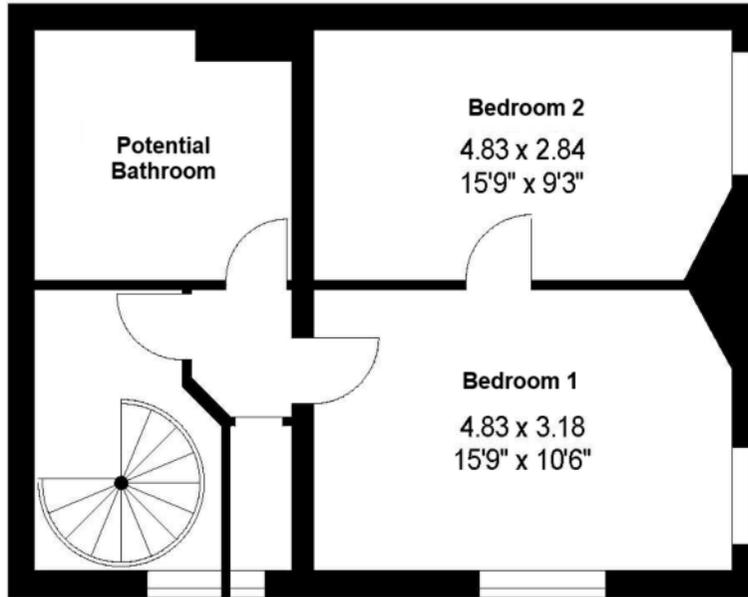

An original Grade II listed Georgian Town House located on the South side of the high street with far reaching views of the Solent and Isle of Wight beyond. Moments from the famous 'cobbles' the impressive three story home has recently been granted change of use from Commercial to residential. New owners can bespoke the interior to create a three or four bedroom house conveniently located in the heart of the town.

Positioned in a private residential cobbled cul de sac. Londesborough House is an imposing three story home situated in the very heart of the town centre. The current layout is geared towards commercial business but with the recently acquired change of use the internal reconfiguration offers a multitude of opportunities. The suspended office ceilings can be removed, the stud walling on the ground floor can go, creating a spacious sitting room with twin Georgian sash windows allowing the light to flood in. The current owners have added a small kitchenette and a shower room on the ground floor. There is also a separate cloakroom and utility. Planning has also allowed for a rear door to fitted giving access to the back of the building via a passage way that winds back towards the high street behind the shop fronts and cottages. A spiral staircase winds round to the first floor with the opportunity to create a large master suite with ensuite and dressing room, or indeed two bedrooms and a bathroom depending on personal requirements. The top floor offers the best views across the rooftops to the far reaching Solent where two large bedrooms and a family bathroom or perhaps three bedrooms could be created. Overall this is a large home that offers numerous bespoke layouts to suit, perfectly positioned for all local amenities.
