DESCRIPTION

Number 8 Longmeadow is the last property to be completed and sits comfortably within this superb development. It is built using conservation stone roof slates and sits behind a stone wall with gated entrance. It backs onto open fields with a westerly aspect and with far-reaching views visible from the hall as you enter. The house is laid out over three floors with an oak staircase rising to the first floor galleried landing and a superb specification with the involvement of interior designers providing a bespoke finish throughout.

Designed to provide maximise light, the kitchen has two walls of floor to ceiling glazed doors meeting at a corner apex. This floods the large, open plan space with light and brings the outside in. It also has a separate living room and spacious sitting room for easy entertaining together with a study/TV room and 6 bedrooms. The elegantly and cleverly designed landscaped garden is laid out in three separate areas and extends towards the neighbouring field for an expansive, open feel but at the same time with a degree of privacy.
