

120 Palma House Heol Tredwen, Cardiff, South Glamorgan CF10 5AX

£290,000 - Leasehold

Property Summary

New to the Market!

Squarefoot Estate Agents are proud to offer for sale this stunning two-bedroom apartment on the sought-after Century Wharf development minutes away from Cardiff Bay's Mermaid Quay and Cardiff City Centre. With access to amazing restaurants, bars, cafés and entertainment spots, you'll be in the best place to upgrade your social scene. It is also a 15 minute walk away from Cardiff Central Train Station making those early morning commutes quick and easy.

On the development, residents have access to a leisure suite including gymnasium, pool and sauna. There is a 24-hour concierge office with controlled access entry systems, making security imperative. The site is well-maintained across all seasons and the development is managed by a great team who see to all enquiries promptly.

The apartment is situated in Palma House, which is one of the only buildings on the development that mainly includes long-term residents. The apartment is situated on floor three where there is lift and stair access. There is also a rubbish shoot for ease of disposal. The property also includes an allocated undercroft parking space and a visitor parking permit for use on the development. There are plentiful amounts of visitor parking outside the building.

The stunning apartment briefly comprises of a great double bedroom, luxury 3-piece bathroom, larger double bedroom with built-in storage and modern ensuite. The hallway also leads, through glamorous double doors, to the spacious lounge and dining area which is modern and stylish reflecting the rest of the property. In here, you have access to the great-sized separate kitchen, through another set of double doors, and a private balcony overlooking fabulous river views. It is the tallest balcony on the building, so there is nothing above. Just imagine having your morning coffee with lovely water views, even on these frosty winter mornings.

Virtual Tour available upon request.

Features
