DESCRIPTION

A deceptively spacious and well-presented three/four bedroom town house situated on the north western fringes of Wells. This recently built property benefits from a garage, parking and garden and has the remainder of the NHBC guarantee.

The front door leads to a generous hallway with cloakroom comprising WC and wash hand basin and a separate laundry cupboard with space and plumbing for a washing machine along with the wall-mounted 'Logic' boiler. To the front of the house, with a view over green space, is a useful study which could also be used as a playroom. The open plan kitchen/dining/family room is a particularly bright and spacious room, bathed in warm sunshine in the morning, and featuring a deep bay with French doors leading out to the garden. The kitchen features a range of cupboards with cream gloss doors, wood effect work surface, integrated oven and gas hob, integrated fridge freezer and integrated dishwasher. A peninsula unit with upstand, divides the room leaving ample space for both a family dining table to seat six along with comfortable seating. A good size understairs cupboard provides plenty of useful 'day to day' storage.

A wider than average staircase leads to the first floor with a sitting room and principal bedroom. The sitting room runs the width of the house and has two large windows offering views over the garden. The landing has a shelved airing cupboard housing the hot water cylinder. The principal bedroom has two windows to the front, overlooking green space, and is 'L' shaped, leading to a dressing area and the ensuite shower room. The shower room comprises a large shower enclosure, basin, WC and heated towel radiator.

A second flight of stairs, again wider than average, lead up to the second floor and two further double bedrooms and the family bathroom. Both bedrooms are generous in size and feel bright and airy. The front bedroom has a dormer window flooding the room with natural light. The rear bedroom is a good size and again benefits from a large dormer window with views to the rear. The family bathroom comprises bath with shower overhead, basin, WC and heated towel radiator.

OUTSIDE

The front of the property is enclosed by iron railings and has a short path to the front door with low maintenance gravelled areas on either side. The

single garage, situated close by, benefits from an updated electrical supply suitable for portable EV charger, light and an 'up and over' door. A pedestrian door to the rear opens to a paved path leading to the garden. A parking space can be found directly in front of the garage.

To the rear is an enclosed, low maintenance, garden with crab apple tree, which is fully paved and ideal for outdoor furniture and entertaining. The vendors are kindly leaving two wooden benches. At the bottom of the garden a paved path leads to a pedestrian door to the rear of the garage.
