1. **Standard Time Limit (Compliance)**

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 (as amended) and to avoid the accumulation of unimplemented planning permissions.

2. **Plans List (Compliance)**

This decision relates to the following drawings: 3020-PL-01, PLS2023GT04_01, PLS2023GT04_02, PLS2023GT04_03, 3020-PL-02, 3020-PL-03 and 3020-PL-04

The parking spaces shall thereafter be retained for the parking of vehicles associated with the dwelling and for no other purpose.

Reason: To ensure that sufficient parking is provided to serve the approved development in the interests of highway safety in accordance with Policies DP9 and DP10 of the Mendip District Local Plan Part 1: Strategy & Policies 2006-2029 (Adopted 2014).

4. **External Lighting (Bespoke Trigger)**

No new external lighting, other than that shown on the approved plans, shall be installed within the boundary of the application site unless in accordance with details that shall have first been submitted to and approved in writing by the Local Planning Authority. Such details shall include the location, number, luminance, angle of illumination and type of each luminaire or light source and a lux diagram showing the light spill from the scheme. The lighting shall thereafter be installed, operated and maintained in accordance with the approved details.
Reason: To avoid harm to bats and wildlife in accordance with DP5 and DP6 of the Mendip District Local Plan Part 1: Strategy & Policies 2006-2029 (Adopted 2014).

5. **Biodiversity Enhancement (Net Gain) (Pre-occupation)**

Evidence, to include photos, of the implementation of these features shall be submitted to the Local Planning Authority for written approval. The bat box and nesting provisions shall be retained thereafter in perpetuity.

Reason: In the interests of the appearance of the development and the surrounding area and in accordance with Development Policies 1, 4, 7 and 22 of the Mendip District Local Plan Part 1: Strategy & Policies 2006-2029 (Adopted 2014).

Informative(s):

1. **Condition Categories**

Your attention is drawn to the condition/s in the above permission. The heading of each condition gives an indication of the type of condition and what is required by it. There are 4 broad categories:

Compliance - The condition specifies matters to which you must comply. These conditions do not require the submission of additional details and do not need to be discharged.

Pre-commencement - The condition requires the submission and approval of further information, drawings or details before any work begins on the approved development. The condition will list any specific works which are exempted from this restriction, e.g. ground investigations, remediation works, etc.

Pre-occupation - The condition requires the submission and approval of further information, drawings or details before occupation of all or part of the approved development.

Bespoke Trigger - The condition contains a bespoke trigger which requires the submission and approval of further information, drawings or details before a specific action occurs.

Please note all conditions should be read fully as these headings are intended as a guide only.

Failure to comply with these conditions may render the development unauthorised and liable to enforcement action.

Where approval of further information is required you will need to submit a conditions application and pay the relevant fee, which is 145GBP per request (or 43GBP where it

relates to a householder application). The request must be made in writing or using the Standard Application form (available on the Planning Portal, see council's website). For clarification, the fee relates to each request for the discharge of condition/s and not to each condition itself. There is a no fee for the discharge of conditions on a Listed Building Consent, Conservation Area Consent or Advertisement Consent although if the request concerns condition/s relating to both a planning permission and Listed Building Consent then a fee will be required.

2. The responsibility for ensuring compliance with the terms of this approval rests with the person(s) responsible for carrying out the development. The Local Planning Authority uses various means to monitor implementation to ensure that the scheme is built or carried out in strict accordance with the terms of the permission. Failure to adhere to the approved details will render the development unauthorised and vulnerable to enforcement action.
3. In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Framework by working in a positive, creative and pro-active way.
4. Please note that your proposed work may also require Building Regulations approval, which is a separate consent process to the consideration of a planning application. The Council's Building Control team are available to provide Building Regulations advice from pre-application stage to completion of a development and can be contacted on 0300 303 7790. Further details can also be found on their website <https://buildingcontrol.somerset.gov.uk/>
5. Before commencing any works to trees, please note that, under the provisions of the Wildlife & Countryside Act of 1981, between the 1st MARCH to 31st AUGUST, no works should be undertaken to trees which would result in disturbance or loss of habitat of nesting birds. Contravention of the Act is a criminal offence. It should also be noted that bats and their habitats are protected by law and if bats are found to be present in the trees works should immediately cease until specialist advice has been obtained from Natural England.
