

# 2 Ladywath Cottages, Brigham

**Price £145,000**

We love this attractive traditional cottage style home which is well located between the village of Brigham and the hamlet of Broughton Cross. The deceptively spacious property includes a lovely living room, a kitchen/dining room, a generous main bedroom with lovely views out over countryside, a second bedroom and a first floor bathroom. Sporting recently installed gas central heating the property also benefits from off road parking at the front and two useful stores at the rear with a courtyard style garden, great for storing bikes, kayaks and other outdoor or hobby equipment! what a great place to call home...
