The spacious property has an 'upside down' layout with four double bedrooms and the family bathroom on the ground floor and open plan kitchen /dining/family room, separate sitting room and study/bedroom five on the first floor. On the second floor is a large mezzanine area, overlooking the main living space, currently used as a children's playroom/media room/snug. A large patio and gardens are accessed directly from the main living area. The property benefits from a garage and parking for four to five cars along with Air source heating, making it cost-efficient to run.

Upon entering the property is a spacious hallway with solid wood herringbone flooring. To the right is a boot room, a useful space with timber clad walls, bench seating with built-in storage and hanging space for coats and bags. The principal bedroom has a front aspect, carpeted floor and two built in wardrobes. The ensuite shower room has attractive tiled flooring, shower enclosure with waterfall and handheld shower heads, wall hung wash basin and WC with shelved alcove above. The second bedroom, is a smaller double with an opaque window to the side. From the hall a glazed door leads through to an inner hallway with large store cupboard, perfect for day to day storage, the utility room/boiler room, two further double bedrooms and the family bathroom. The utility room has space and plumbing for a washing machine and tumble dryer along with space for further white goods and houses the large pressurized hot water cylinder, run by the air source heat pump which is situated directly outside. Two double bedrooms, of equal size, are well-proportioned and have a

rear aspect. The stunning family bathroom is tiled with blue, grey and white marble effect tiles and features a contemporary double ended bath with waterfall spout, a large, glazed shower enclosure with waterfall shower, vanity basin with illuminated mirror above, hidden cistern WC and modern towel radiator.

A wooden staircase with modern white ash balustrades and feature lighting leads to the first floor and the main living accommodation. From the landing is a cloakroom with attractive hexagonal tiling, wall hung WC, vanity basin and sensor lighting. The sitting room, with part vaulted ceiling, offers plenty of space for comfortable seating and has a front aspect. Across the landing is the study/bedroom five, again with part vaulted ceiling and front aspect. The kitchen dining family room is a stunning space with double height vaulted ceiling and glazed gable end with sliding doors out to the part covered patio and gardens beyond. A window to one side and two Velux windows further bathe the room in natural light. The seating area benefits from a modern 'Aduro' stove which can burn logs and pellets. The dining area, in the centre of the space, can easily accommodate a table to seat ten to twelve people. The Kitchen, with dark navy blue cabinets and soft-close doors and drawers, offers plenty of storage and has an integrated full height fridge, integrated Neff oven, integrated Neff steam oven, integrated dishwasher, integrated bins and a sink with built-in macerator. The large kitchen island features pan drawers, a Tesla 'elica' induction hob with built-in extraction and scales. On the dining side of the island are further cupboards, some with a modern wood effect finish. Beneath the staircase, which leads up to the mezzanine level, are built-in cupboards and a recycling drawer.

A wooden staircase with wooden handrail and tensioned wire balustrade leads up to the mezzanine level. This spacious room has Velux windows and a sleek frameless glass balustrade open to the kitchen/dining/family room below. This versatile room, currently used as a playroom/snug could also be used as a library/study or occasional bedroom if desired.

## OUTSIDE

A shared drive with mature hedge leads to Quarry Gardens, where the private drive offers parking for four to five cars and leads to the attached garage with electric door, power and lighting. At the front of the property are two large raised beds planted with shrubs and flowering plants and a step up to the front door.

The main garden is to the side of the property and is accessed from the kitchen/dining/family room. Sliding doors open onto the large composite deck, ideal for outside furniture and entertaining. The design of the building, with the continuation of the eaves and soffits provides a sheltered area on the deck. The good size garden is mainly laid to lawn and has a lower level to one side, ideal for play equipment.
