## Description

The placing of these woodlands on the open market provides prospective purchasers with an ideal entry level investment opportunity for the long-term. It is a wonderful environmentally rich piece of countryside, with woodland, open glades and river frontage. It is set within one of the most beautiful parts of this area of South West Wales in the heart of the Vale of Cothi, North of the village of Brechfa, close to the village of Abergorlech and within easy reach of Carmarthen, approximately 12 miles. The University town of Lampeter is equi-distant to the North as with the market town of Llandeilo of similar distance.

This is an unusual opportunity in that it provides prospective purchasers with a delightful investment which is more or less maintenance free and entitles the purchaser to collect additional annual payments for forthcoming years in respect of both individual parcels of land. Lot 1 provides largely open woodland with a network of paths. Lot 2 comprises woodland with open glades in addition to a network of paths with amenity spaces. These parcels are available either as a whole or separately for sale.

## New Planting

## Area 1

## Area 2

### Road frontage

### Gate Entrance

### Agent's Comments

This is an unusual and rare opportunity to acquire amenity/recreational and silvicultural parcels of land in delightful rural and easily accessible setting. They are ideal for incorporation within a rural investment portfolio and provide opportunities for diversification, for existing agri or leisure businesses and can provide delightful rural space in what is considered to be a particularly sought after environment on the edge of the Brechfa Forest, noted for its mountain biking and rural pursuits. In all we consider this to be a very attractive property of immense appeal.

### Setting

### Riverside Setting

### Aerial View

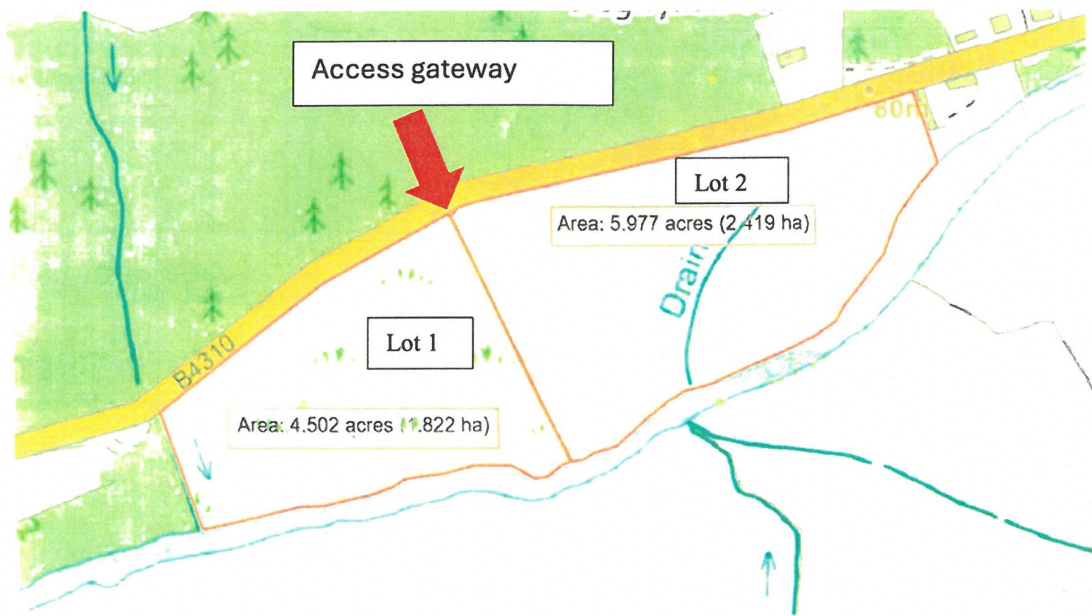

### MONEY LAUNDERING REGULATIONS

The successful Purchaser will be required to produce adequate identification to prove their identity within the terms of the Money Laundering Regulations. Appropriate examples include Passport/Photo Driving Licence and a recent Utility Bill. Proof of funds will also be required or mortgage in principle papers if a mortgage is required.

### TENURE AND POSSESSION

We are informed the property is of Freehold Tenure and will be vacant on completion.

Access point is from the road at the mid point between the 2 fields as shown with red arrow. Currently there is a single gate into Western field (Lot 1), but it would be easy to make a second gateway so each side has its own entrance at that point.

### **The area was planted with trees in Winter 2022/23 (now in their third growing season)**

Planting plan to the right.

- Dark red = new native broadleaf woodland.
- Green = existing woodland.
- White = open glades. In addition, there is a network of paths through the new woodland.

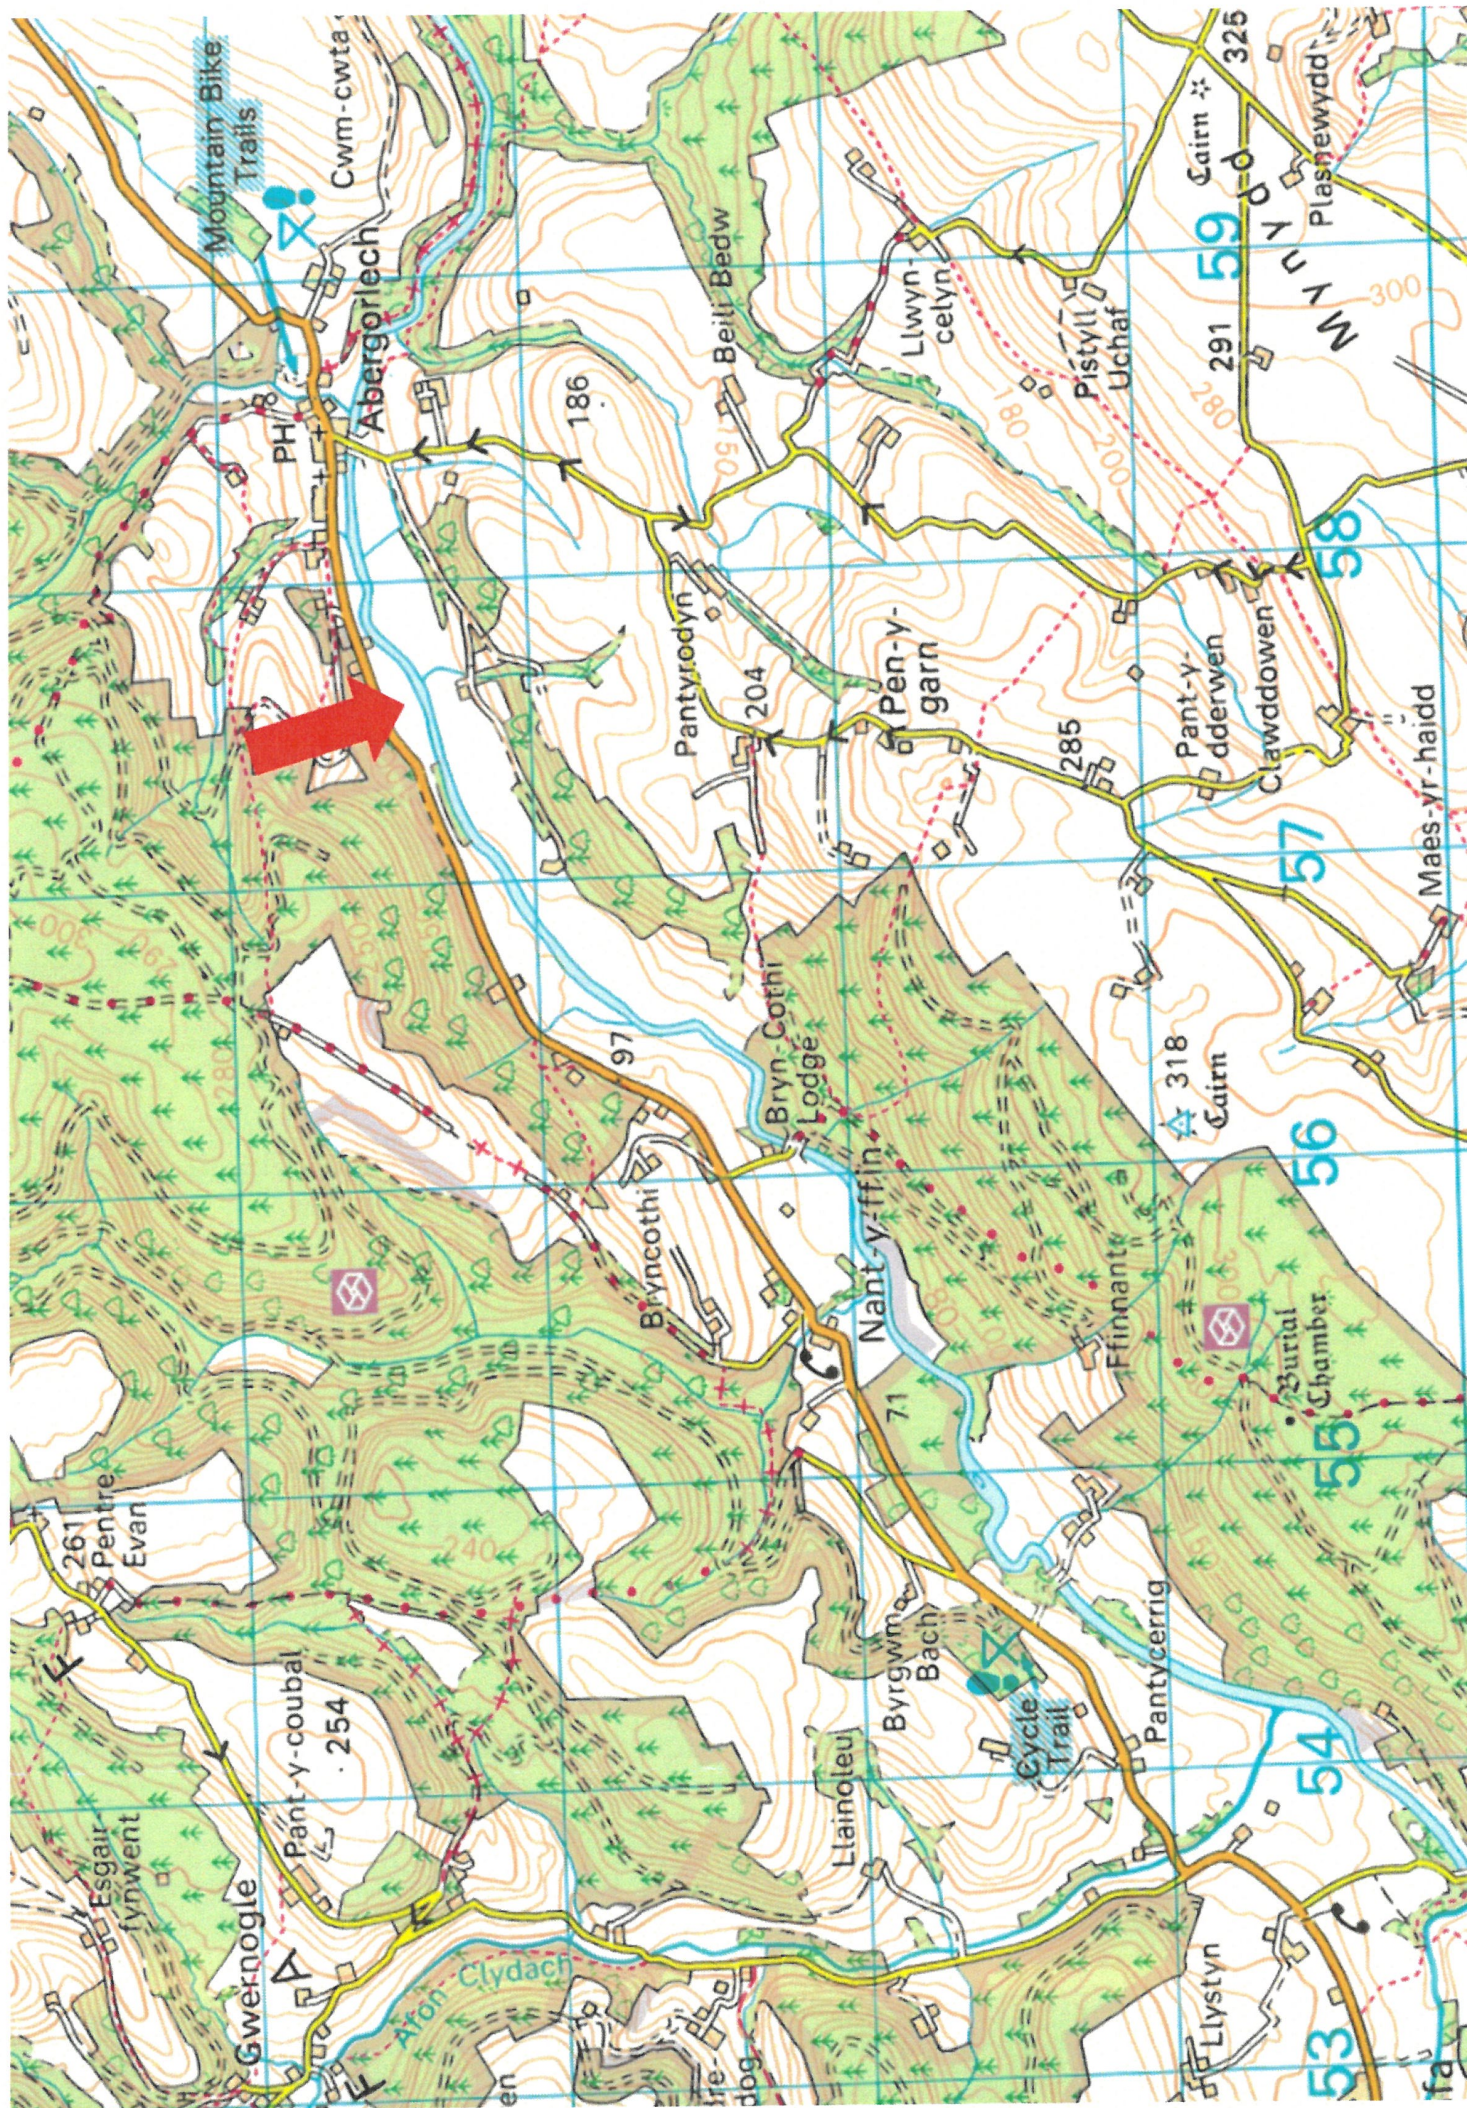

(Ignore the blue and red lines)

The buyer will have an obligation to take over the Glastir woodland planting scheme, (which in simple terms means they must look after the trees). There are 11 years of annual payments to come which, subject to Welsh Government approval of the transfer, will be payable to the buyer.

- Lot 1 £557.60 per year (£6,133 in total)
- Lot 2 = £528.90 per year (£5,817 in total)
