GUIDE PRICE £450k to £475k. Looking For Space, Fresh Air, And A Calmer Pace Of Life? This detached home in the quiet village of Souldrop might be just what you've been waiting for. Tucked behind a mature hedge line on a quiet stretch of the village high street, Wychwood offers the kind of privacy and square footage that's hard to come by - and it's being sold with no upward chain.

Whether you're stepping up for more space, relocating for a lifestyle shift, or simply craving a slower pace with room for the family to grow, there's plenty here to get excited about.

The living room is a comfortable space to unwind in, with a wide bay window at the front that brings in plenty of natural light. There's room for a couple of sofas and your personal touches, whether that's bookshelves, storage or a small desk tucked into the corner. It connects through double doors to the open-plan kitchen and dining area, creating a natural flow between the main living spaces.

An open plan kitchen and dining area runs the full depth of the house - a sociable layout that works just as well for midweek meals as it does for family get-togethers. The kitchen is fitted in soft grey units with a full-height wall of storage and a breakfast bar, while the dining space has room for a large table and a view out to the garden. It's a bright, practical space that feels like the hub of the home.

There's also a refitted ground floor toilet for convenience - no need for guests to go upstairs to use the bathroom.

When it's time to relax and re-charge your batteries, four well-proportioned bedrooms are laid out around a central landing - ideal for families with children or guests who stay over often. The main bedroom has its own en-suite, while the family bathroom includes a full-length bath with shower over - offering both speed and space depending on the day. There's no need to compromise.

Own a car or two? - the driveway can take multiple vehicles with ease, and the double garage gives you plenty of storage options or workshop potential. The outside space offers a generous frontage with plenty of greenery and a good sense of privacy, while the rear garden provides a more tucked-away spot to sit out or plant up. It's a manageable setup with established planting that softens the space without needing constant attention.

Souldrop might be small, but that's part of the charm. There's a strong sense of community and a welcome change of pace from nearby towns. Families will appreciate being close to well-regarded schools and village life, while commuters can get to Bedford or Wellingborough in under 20 minutes for fast trains into London.

Sharnbrook is just up the road for shops and everyday essentials, and the A6 and A421 are nearby too — keeping you well connected without spoiling the peace when you're home.

For a buyer who wants a bit of space around them and a straightforward purchase process, this could be a smart and stress-free next move.
