Home Farm Barn, Burghill, Hereford HR4 7RJ

An outstanding detached barn conversion, in an exclusive rural location with an adjoining self-contained annexe (ideal for multi-generational living), double garage with delightful gardens and Detailed Planning Permission for a 3-bedroom detached cottage.

Home Farm Barn presents an unique opportunity for multi-generational living, Air BNB or as one substantial residence (about 4,000 sq. feet). The property is located on the edge of a Conservation Area just outside the highly favoured village of Burghill, just 4 miles northwest of the Cathedral City of Hereford.

Within Burghill/Tillington there is a shop, public house, community centre, cricket club, church and 18-hole golf course (there is a further 18-hole golf course at nearby Wormsley - The Herefordshire).

The barn was originally converted in the 1980's and has recently been upgraded and offers a wealth of character with exposed timbers and an oak spiral staircase together with double glazing and gas central heating.

One of the main benefits of the extensive accommodation is its versatility as a single substantial residence but which also incorporates a two-storey self-contained annexe (ideal for a relative, Air BNB etc).

There are lovely, private gardens with storage and an entertainment area together with a double garage.

Detailed Planning Permission has been passed for the construction of a detached 3-storey cottage, within the grounds, (application no. 231477) further details available on Herefordshire Council Planning Portal.

Immediately to the side of the property there is an enclosed garden area with a circular lavender bed and a range of ornamental shrubs and trees. Side access and additional access to the front of the property. Within this garden area, Planning Permission has been approved for the detached 3-bedroom cottage. The delightful gardens lie predominantly to the western side of the property and are enclosed (part-walled), attractively landscaped with a variety of shrubs and trees, an ornamental pond, raised beds and patio areas. An attractive feature is the former Cattle Byre with original feeding racks and this incorporates a LARGE WORKSHOP.
