Quiet Setting, Smart Layout, Walled Garden – Double Fronted Detached Home on the Edge of Bedford

Appledine Way sits on a peaceful no-through road right at the edge of the development - so you're away from the main flow of traffic, with nothing but countryside walks just over the fence. It's a home that offers more than meets the eye: smart layout, over 1,370 sq. ft. of space, and a location that keeps you well connected without giving up on calm, everyday living. Originally a four-bedroom property, the owners have reconfigured it into a spacious three-bedroom home, which can easily be reverted if desired.

Walk through the front door and you're straight into a kitchen/dining space that works for real life. There's plenty of cupboard storage, masses of work surface area, and integrated appliances - including a gas hob for keen cooks. The current owners have added a contemporary banquette seating setup, which brings character and comfort while still leaving room to move. Whether you're throwing together packed lunches, enjoying a weekend breakfast, or catching up over dinner, it's a relaxed and sociable part of the home that feels both open and purposeful.

At the side of the house, the living room runs the full depth and gives you real flexibility. Movie nights, board games, quiet evenings, or just a space to switch off - it works whether you're flying solo or hosting friends and family. French doors open straight onto the decked terrace, creating an easy connection to the garden during warmer months.

The layout also includes a separate utility room and downstairs toilet - both invaluable when guests are over or life gets messy. The utility has its own entrance from the driveway, so it's ideal for unloading the car, taking off muddy boots, or bringing pets in without traipsing through the house.

When it's time to recharge, the upstairs layout gives you three double bedrooms - including a standout main suite that spans the length of the house. It has its own en-suite shower room and easily accommodates wardrobes, drawers, or even a dressing area if that's your thing. The second bedroom is another solid double, while the third works perfectly as a child's bedroom, nursery or bright home office.

The family bathroom is a great size and includes a shower over the bath - ideal for early morning starts, relaxing evening soaks, or kids' bath-time chaos. There's also an airing cupboard on the landing for those never-ending piles of laundry.

Outside, the East-facing garden is private, walled, and low-maintenance - with lawn, seating area, planted borders and decked terrace. It's a practical space with a good balance of sun and shade, and doesn't demand your entire weekend.

Own a car or two? No problem here. The double-length driveway comfortably fits two vehicles and leads to a longer-than-average garage with up-and-over door and pitched roof for extra storage.

Location-wise, you're part of a popular modern development just off Norse Road — with plenty of green space, nearby parks and woodland walks, and strong road links into Bedford and beyond. Local schools and nurseries are easily accessible, and you're within a short drive of supermarkets, shops, pubs, and cafés. Bedford station is around 10 minutes by car, with fast trains into London St Pancras, and you're well-placed for London Luton and Cambridge airports too.

All in all, it's a modern, comfortable home with a clever layout, great space inside and out, and a location that makes everyday life feel that little bit easier.
