OVERVIEW

This small development of just 6 luxury, three and four bedroom properties occupying a very pleasant semi rural position, with all plots enjoying good size gardens. The site has been architecturally designed enjoying a modern contemporary feel, and having air source heating with underfloor heating to the ground floor, and radiators to the first floor. All purchasers will have the ability to purchase 'off plan' allowing the opportunity to choose own choice of kitchens and bathrooms (subject to budget), therefore allowing an individual purchaser to enjoy their own colours and styles which is very much like building your own property without the pressures. This development site is located in a very convenient position on the Worcester side of Hereford City, and being equally distant approximately 9 miles from both Hereford and Ledbury, this development is situated within easy access to the midlands and southeast via M50 and motorway networks which are available east Herefordshire.

Plot 5 is a large 4 bedroom detached property, enjoying a pleasant position set well back from the road and backing onto open farmland. Having spaciouly planned accommodation extending to a total square footage of 2254 sq ft (209.40 sq m) including the garage. The plot itself is of good size extending to just under 0.25 of an acre. All properties have a full 10 year warranty and on site inspection can be easily arranged through ourselves as agents.
